BEST PRACTICES

Title of the Best Practice: Word Bank

Objectives:

- 1) To enrich the vocabulary of students
- 2) To encourage the students to refer to the dictionaries
- 3) To improve English grammar of students especially from competitive examination guidance centre
- 4) To create interest among students about English proverbs
- 5) To motivate students by inspiring quotations

The context:

It is a common experience that students from rural area are quite diffident regarding the use of English language. Insufficient vocabulary is one of the major reasons behind this. As students don't know the exact word or a phrase for a certain situation they cannot form a correct sentence in English. Therefore the department of English initiated this activity following the suggestion by Hon'ble principal Dr T.N. Gholap

The practice:

The students from the Department of English were encouraged to collect a word a phrase a proverb and a quotation. Every student would refer to a good dictionary and a dictionary of proverbs/quotations from the central library or from the departmental library. The role of teacher is of passive observer. He guides students only when it is required. The activity is wholly student-centred.

Evidences of success:

As the activity was conducted on daily basis, students develop an interest for it gradually. An English word with a synonym and also with its meaning in Marathi attracted students. The proverbs were simple and meaningful with its Marathi counterpart. The vocabulary of the students is enriched .They realized the importance of dictionaries. Many of them installed an online dictionary to their smart phone.

Problem encountered and Resources Required:

As most of the students don't use smart phone installing the online dictionary to the handset was rather difficult .Handwriting of the students was not readable in the beginning .So they were encouraged to take the help of friends/teachers.The books in library were used by the students .Surfing on the Net was also a source of information.
